WILKE LAND SURVEYING INC. 401 1800th Street Panama, Iowa 51562 (712)489-2898

UNITED STATES PUBLIC LAND SURVEY CORNER CERTIFICATE

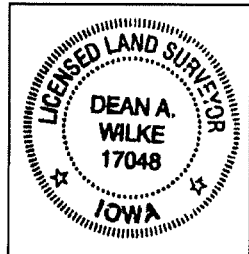

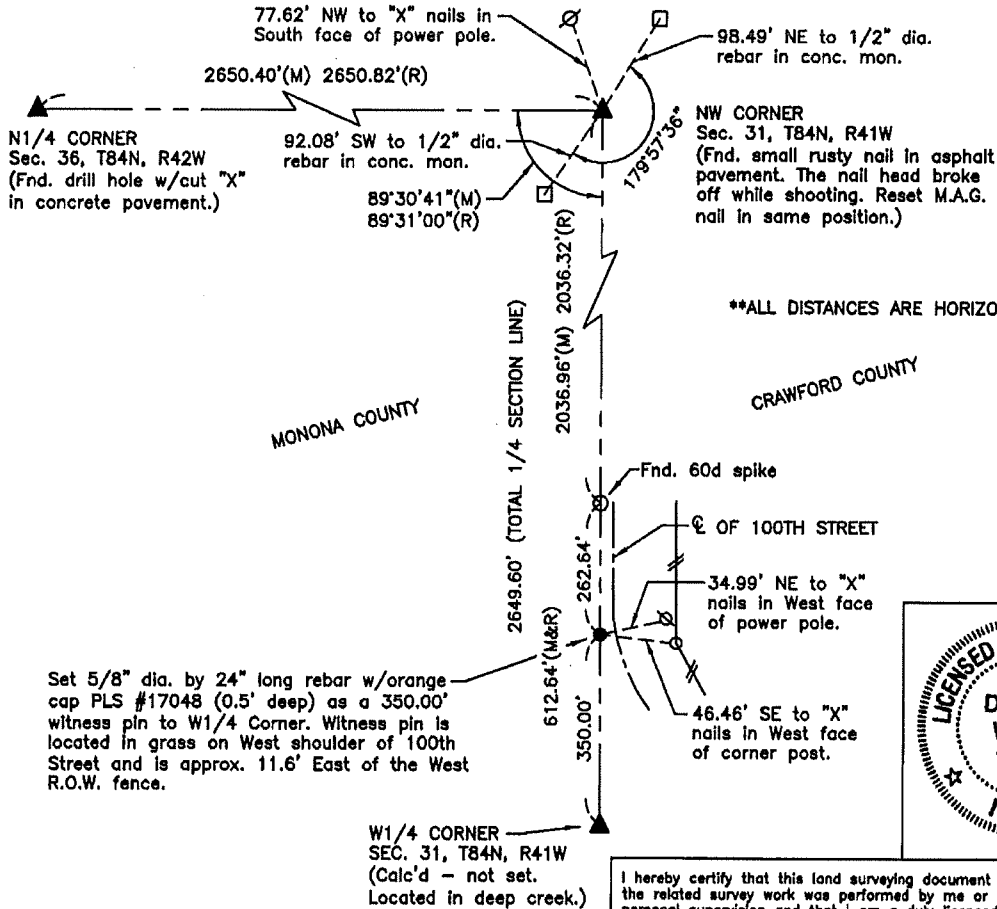

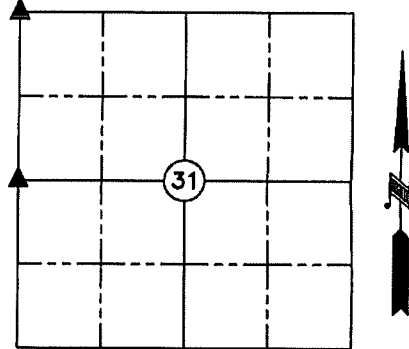

SECTION 31 TOWNSHIP 84N RANGE 41W COUNTY CRAWFORD

Reason for Certificate: Survey in NW1/4

Monument Description and Remarks:

NW CORNER - Found small rusty nail (flush) in asphalt pavement. The head of the nail broke off while trying to shoot. Reset M.A.G. nail (flush) in same position.

W1/4 CORNER - The monument has fallen into a very eroded creek. Information from the Iowa Department of the Transportation Sioux City District Office was used to calculate the location of the W1/4 Corner. The 1981 data used is from their Monona County Field Book #9 on pages 33 and 45. An I.D.O.T. set old rusty 60d spike was found 2036.96' South of the NW Corner of the Section, which fit close to the record distance of 2036.32' shown in their notes on page 33. The spike was shown to be on the West line of the Fri. NW1/4. The spike was used for line, and the record distance of 612.64' was held South to calculate the location said W1/4 Corner. The interior angle between the North and East lines of the NE1/4 of Section 36, T84N, R42W checked close with the angle shown on page 45. A witness pin was set 350.00' North of calculated W1/4 Corner on line between the NW Corner and W1/4 Corners.

I hereby certify that this land surveying document was prepared and the related survey work was performed by me or under my direct personal supervision and that I am a duly licensed Land Surveyor under the laws of the State of Iowa.
